ALL SKIERS AND POWERED AT NWSC

SKIERS PERMITTED TO USE THE NWSC – MUST DO THE RIGHT THING AND SET A GOOD EXAMPLE.

SHARED USE – is when non-powered craft launch from and return to the beach.

IDLE SPEED AT ALL SHARED TIMES

When travelling to the powered area, you must proceed down Land 8, and return to ramp through non-powered area in Lane 7 at idle speed.

Things You Need to Know About Rowers:

The wash from a Ski Boat.

1. Makes a rowing shell very unstable. Rowers have to put all cars in the water to remain afloat. The rocking motion DAMAGES the riggers.
2. If the rowers are rowing through a wash they WILL be tipped out. The boat can be damaged and rowers injured.
3. If rowing boats are on the beach ready to launch or to be put away and they are resting in the water RIGGERS can be damaged by ski boat wash.

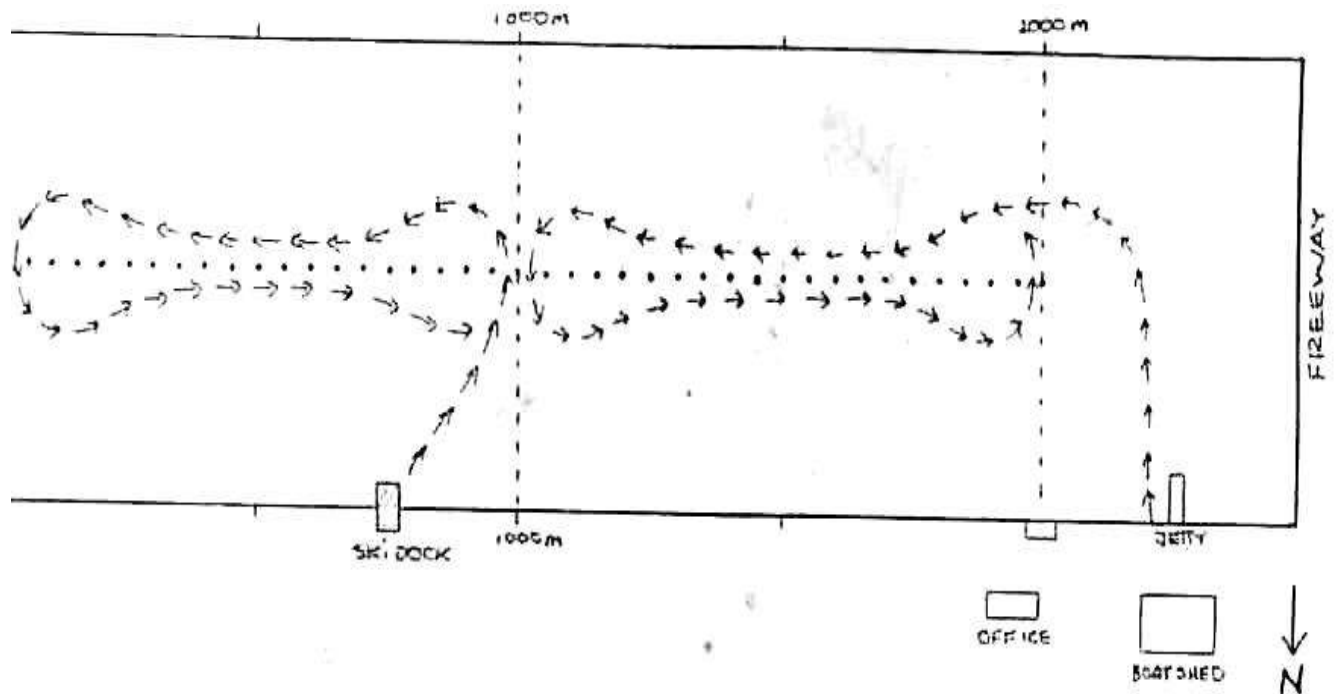

SO...

- a. Take off from the launch area at a reasonable speed, i.e. idle or travel slower than usual.

b. When dropping off a skier – DON'T do a wheely turn or speed off and around to come in to shore.

SLOW DOWN AND COME IN SLOWLY AT IDLE SPEED TO THE BEACH OR STOP BOAT AND IDLE BACK TO THE BANK

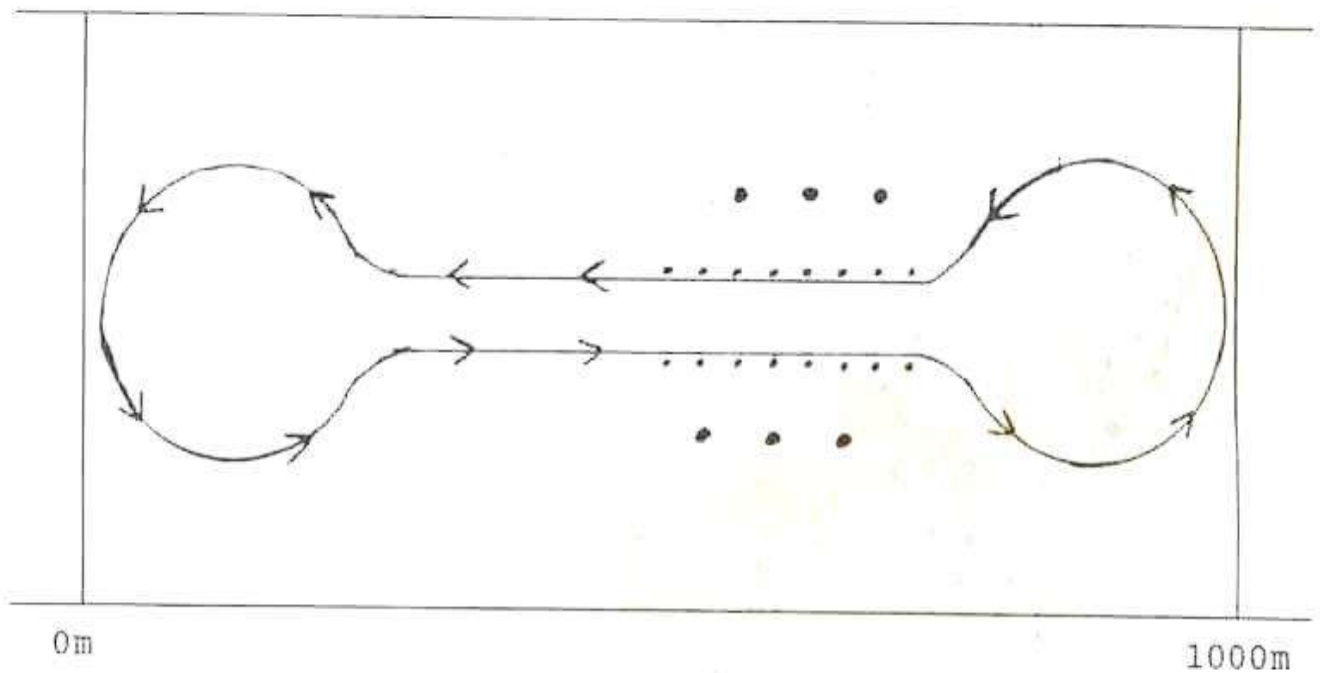

DRIVING PATTERN FOR POWERED USERS OF NWSC

1. Power boats drive down the Centre of waterway, keeping to the right of oncoming boats (at a safe distance).
2. Power boats must turn left at each end of water skiing areas.
3. 3 boats maximum in each 1000m section.

4. 1000m section in front of office is to be used for power boat testing and ski school when area is powered use only.
5. After the skier has finished, the driver must stop, retrieve the ski rope and idle back the beach when it is safe to do so.
6. Buoys at 50m intervals are to assist user with the correct driving patterns.

WATERWAY RULES

When passing an oncoming boat, both boats are to move the right side of the other boat. When passed, enter back in between each other's boat wake.

When using the slalom course, common sense prevails but usually one skier will wait in the water until the other boat has completed two passes (up and back). Then start your skier and complete two passes before dropping him back in the water.

The boat returning to the shore has the right of way at all times.

Power boats must give way to non-powered craft at all times.

All drivers must be over the age of 16 years.
